## School Problems Are Discussed At Meeting

An open meeting of parents of Pahokee school children was held in the high school auditorium Tuesday night to discuss school problems and ways of improving the schools. Dr. Emil J. Graham was elected to serve as chairman for the group of approximately 125 parents and Mrs. Thomas Elliott, as secretary.

It was brought out in the meeting that a lack of sufficient discipline among students is one of the most pressing problems in the modern school, at Pahokee and elsewhere, this being the principal cause of student failures to make passing grades.

The consensus of opinion among the parents present was that close cooperation between the parent and the teacher is absolutely necessary to attain good discipline in a student body and more active and widespread parent participation in Parent-Teacher Association activities and work would help solve this problem.

County Superintendent Howell Watkins was present at the meeting to answer questions pertaining to the school, in the absence of Principal Canipe who is spending a two weeks' vacation with his family in Colorado. Also present were Mrs. Ruth Timmons, member of the County Board, and H. Earwood, school trustee.

An innovation last season at the Hialeah race track was an automatic electric indicator board for the bleacher section.

Do you have Series E Defense Bonds coming due this year?

# Here's a money-earning opportunity for you

Now—a new law lets your maturing Series E Bonds go on earning for you ten years longer! And you don't have to do a thing!

ARE YOU one of those patriotic citizens who began buying—and holding—Series E Bonds ten years ago? Now your government is going to reward your faith with a chance for your bonds to earn extra money—over and above what you'd expected!

According to the bill passed by Congress last spring, it is now possible for your United States Series E Bonds to continue earning interest ten years longer than was originally planned.

Therefore, if you started an automatic bond saving plan, and helped your country at the same time, you can look forward to ten years more of effortless earning from the bonds you bought!

For example, a Series E Bond which cost you \$18.75 in 1942 will pay you \$25 in 1952. But

if you hold that bond ten extra years, until 1962, it will pay you \$33.33, an average interest of 2.9%.

And there is nothing for you, as a bond holder, to do. You need not exchange the bonds you have. You need not sign any paper, fill out any form. You simply keep your bonds as you have been keeping them.

You may still redeem any Series E Bond at any time after you've owned it for sixty days. (The tables on this page show what you can get for it.) But, unless you really need the cash you're much better off to hold your bonds; they are a paying method of saving. Bonds are safer than cash! Cash is too easily spent on nonessential things. And if you lose or accidentally destroy it, you're out that much money. But when you have cash in Defense Bonds, you're more apt

to hold on to it. And if your bonds are lost or destroyed, the Treasury will replace them for you at no cost or loss to you.

The cash you have in bond savings is safe and solid; and it's steadily growing toward a sum big enough to buy something really worth while when the proper time comes—a home, a business, a retirement fund, an education for your children.

So if you have bonds coming due, take advantage of this new offer of your government—just sit back and let them go on making money. Meanwhile keep adding to your savings by buying more United States Defense Bonds regularly—through the Payroll Savings Plan where you work or the Bond-A-Month Plan where you bank.

If you want to be paid your interest as current income—

The new law also allows you to exchange your Series E Bonds, in blocks of \$500 or more, for Special Series G Bonds which pay interest semiannually at the rate of 2 3/4% per year. For full details, ask at any Federal Reserve Bank or Branch.

Here's how Series E Defense Bonds earn the first 10 years

## Defense is your job, too!

**T**HIS IS A DAY OF DREAMS COME TRUE... for the returning Korean War veterans pressing against the ship's rail and for their loved ones waiting on the dock. The counted days of waiting are over. The nightmare of war is behind them. These boys have seen far across the seas doing a hard, dirty, bloody job... a job of defense—for you.

But defense is your job, too. It is our job to help make America's economy as strong and dependable as these men have made her military power. And your job can be not only easy but rewarding—in financial security for you and your family. Just buy U. S. Defense Bonds. Buy them now and buy them regularly. For your bonds and other forms of saving can make America strong. And in this warring world, *strength* is America's surest guarantee of peace.

So sign up for bonds today—through the Payroll Savings Plan where you work or the Bond-A-Month Plan where you bank. For your security and your country's, too, buy United States Defense Bonds regularly!

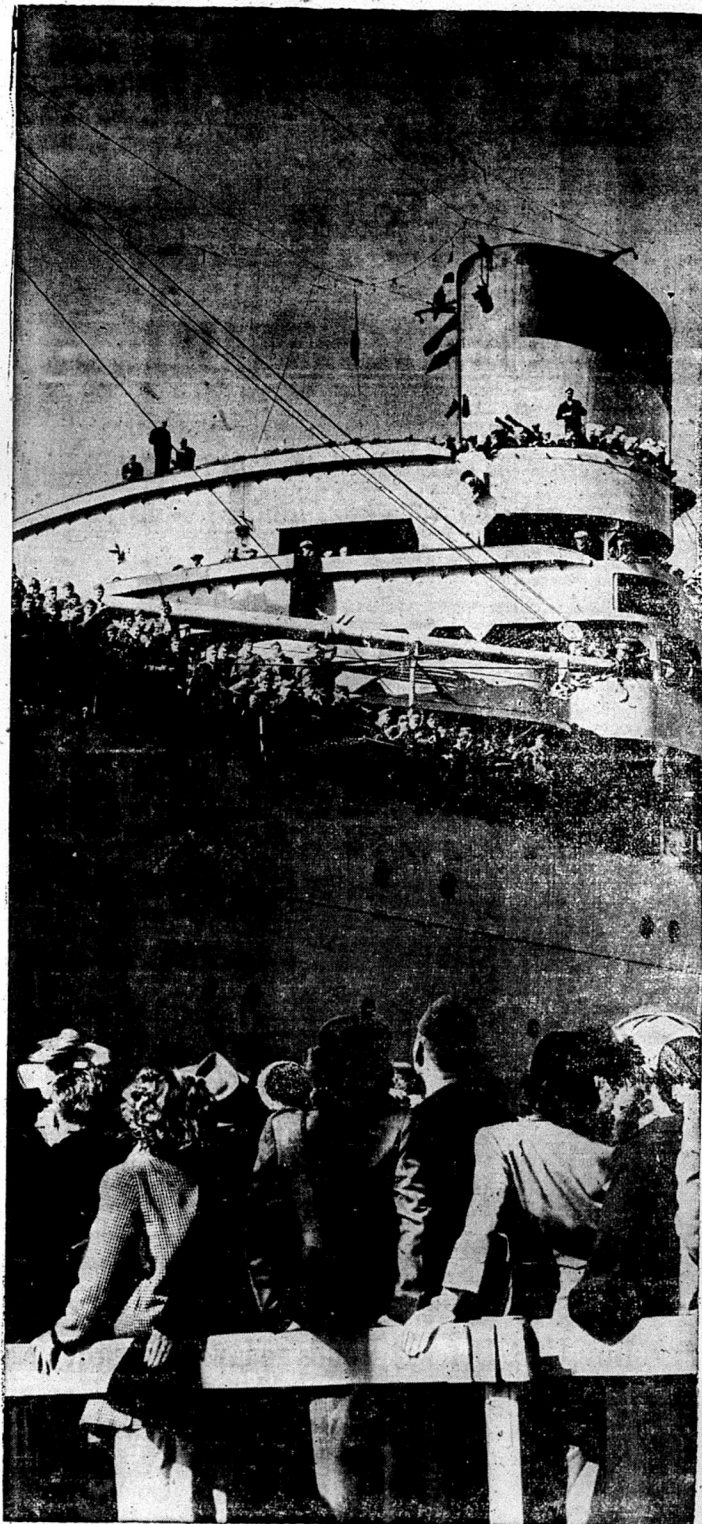

### The U. S. Defense Bonds you buy give you personal financial independence

Don't forget that bonds are now a better buy than ever. Because now every Series E Bond you own can automatically go on earning interest every year for 20 years from date of purchase instead of 10 as before! This means that the bond you bought for \$18.75 can return you not just \$25—but as much as \$33.33! A \$37.50 bond pays \$66.66. And so on. For your security, and your country's too, buy U. S. Defense Bonds now! Bankers recommend them as one of the safest forms of investment.

## Christian Science Group Of Canal Point

The superiority of spiritual power over material resistance is the theme of the Lesson-Sermon to be read in all Churches of Christ Scientist, next Sunday, when the subject is: "IS THE UNIVERSE INCLUDING MAN EVOLVED BY ATOMIC FORCE?"

The Golden Text is from Amos (4:13): "Lo, he that formeth the mountains, and createth the wind, and declareth unto man what is his thought, that maketh the morning darkness, and treadeth upon the high places of the earth, The Lord, The God of hosts, is his name."

Bible passages include the account of Jesus walking on the water as found in Mark (6:51): "And he went up unto them into the ship; and the wind ceased: and they were so amazed in themselves beyond measure, and wondered."

Also included are these passages from "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Jesus walked on the waves, fed the multitude, healed the sick, and raised the dead in direct opposition to material laws" (p. 273), "A miracle fulfils God's law, but does not violate that law" (p. 134).

## Denmark Visitors Given Buffet Supper

A "bon voyage" buffet supper party was given recently by the Danish Brotherhood of West Palm Beach for the six Palm Beach County residents who are planning vacation trips to Denmark this summer, including Mr. and Mrs. H. J. Anderson of Pahokee, Mr. and Mrs. Paul Jensen of Riviera Beach, Mrs. Guno Karlberg of West Palm Beach and Chris Hansen of White City.

The 40 members and friends were each presented with a lovely gardenia. The table were arranged in a T-shape, with the guest table having as a centerpiece a miniature Viking ship surrounded by a miniature airplane, a stream-lined train and a Greyhound bus. Arrangements of asters and fern were used for table decorations.

Mr. Krough, master of ceremonies, introduced the speakers, the Rev. W. A. Oldford, Otto Leonhard and Mr. Hofmiller, who gave talks and read poems. The entire group joined in the singing of Danish

and American songs.

Mr. and Mrs. Anderson are scheduled to leave New York City on July 1 on their plane trip to Denmark.

Mr. and Mrs. Harold Leggett have moved from Bradenton to Pahokee where he is employed at Keen's Standard Oil Service Station.
